WORKING WITH ZUERN

BUILDING ON SERVICE

Zuern's experienced designers will guide you through the entire process, including recommendations for styles and finishes, cabinet layouts, and storage solutions. Our professional and accurate designs can be taken directly to an architect, builder or installer.

Zuern offers a variety of products and brands to align with any budget. We are here to assist you in creating a functional and beautiful design that meets your wants and needs.

WE SPECIALIZE IN

Executing professional cabinetry designs for new construction and remodeling projects.

ZUERN IS A SUPPLIER OF

Cabinetry, countertops, cabinet hardware and plumbing with the convenience of multiple showroom locations.

ZUERN DOES NOT OFFER CABINET INSTALLATION SERVICES

DESIGN CONSULTATION

- This is my first step in the design process for this project
 I have already started discussing this project with someone at Zuern. Name: _____
 I have previously worked with another business or designer to receive a design/quote on this project.

What elements are you considering updating/changing?

- Cabinets Hardware Sink/Plumbing
 Appliances Countertops Other: _____

Please select a budget category for the products needed for your project.

- \$10,000 or less \$25,000 to \$30,000
 \$10,000 to \$15,000 \$30,000 +
 \$15,000 to \$20,000
 \$20,000 to \$25,000

FLOORPLAN GUIDE

Step 1: Draw an outline of the room where cabinets will be installed.

Step 2: Draw two short lines to represent the outside edges of each window or door (including trim)

Step 3: Label the lengths of each wall, window and door opening. When measuring a door or window, please include trim with all window & door sizes.

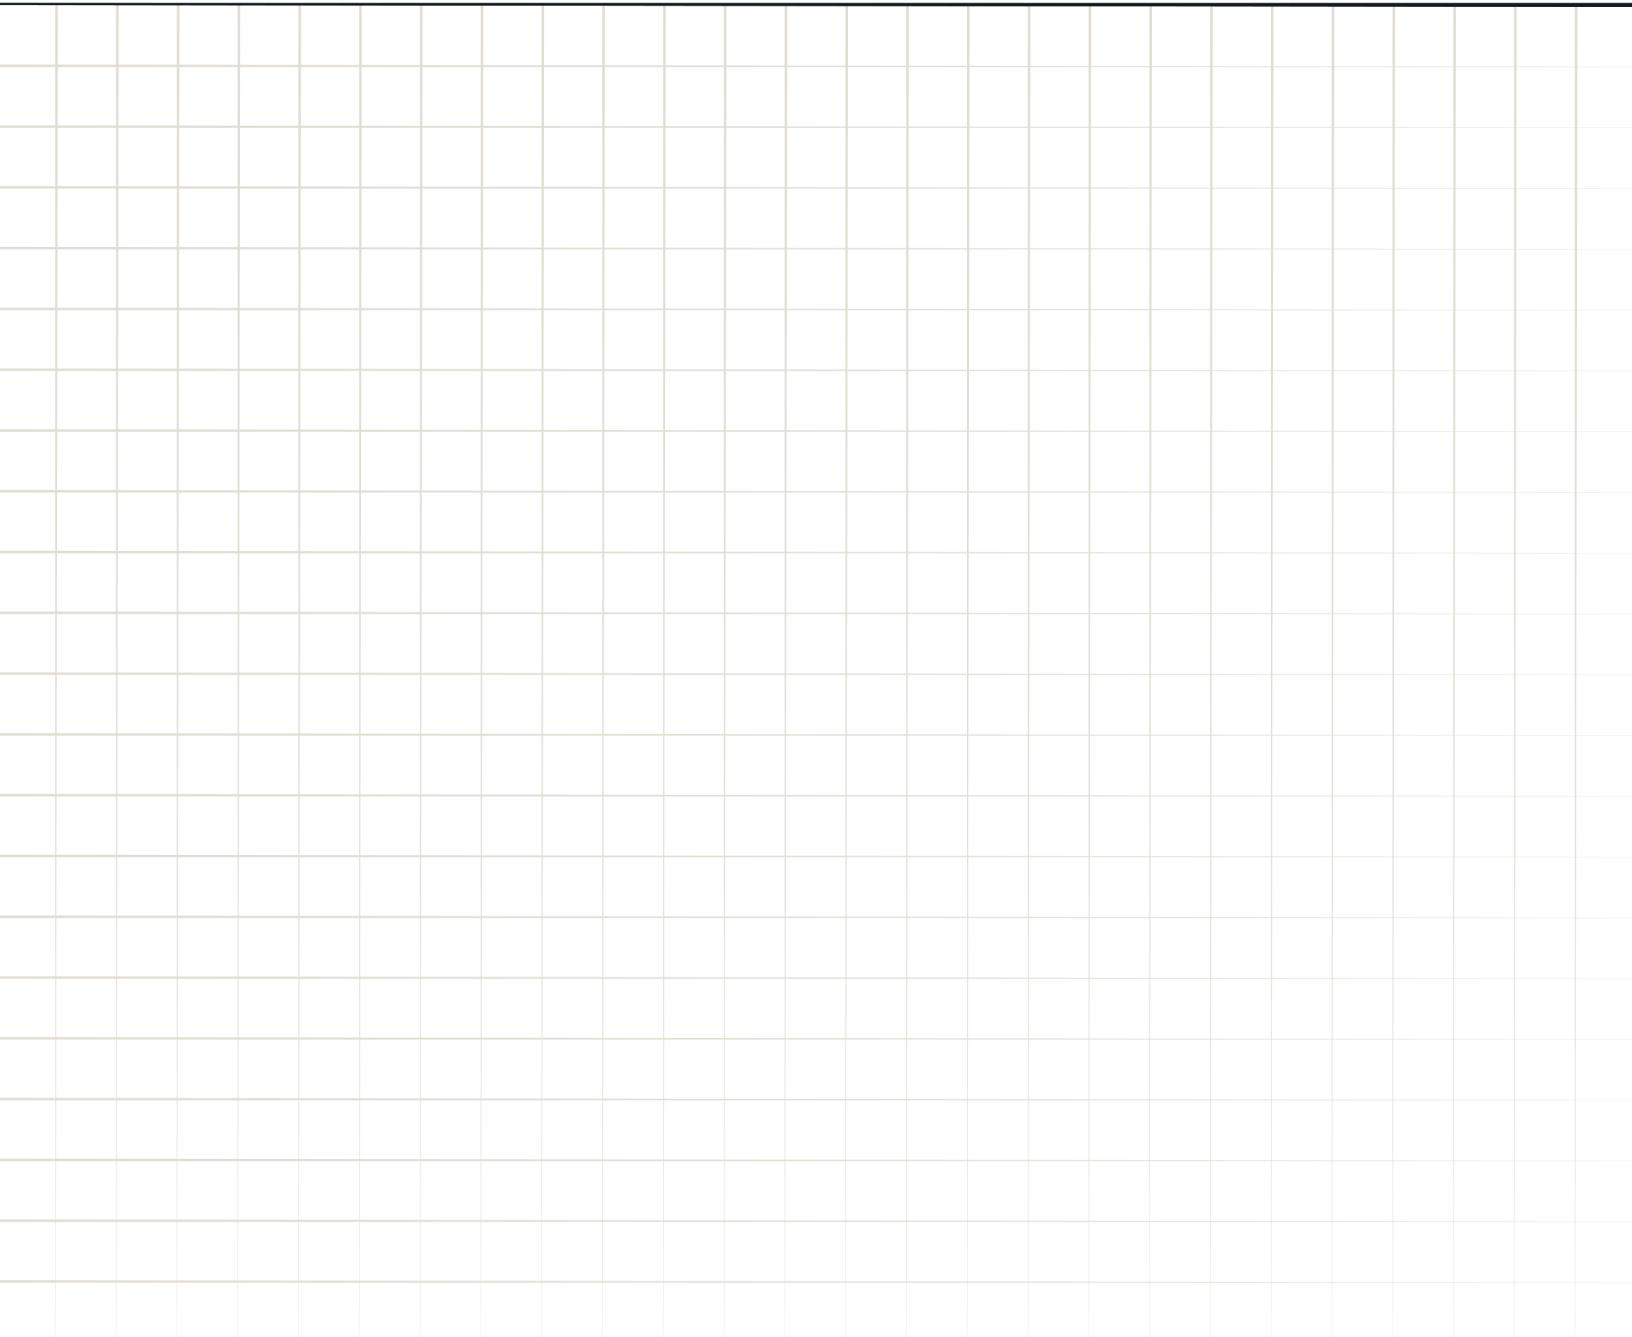

Step 4: Draw boxes to represent new cabinets, appliances, & plumbing

Ceiling Height: _____ (inches)

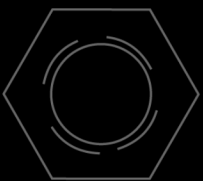

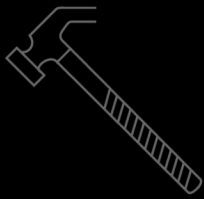

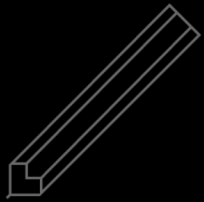

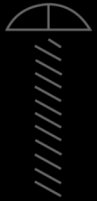

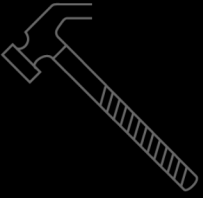

(If Applicable): Dropped Beam Height from Floor: _____ (inches)

(if Applicable): Soffit/Bulkhead Height from Floor: _____ (inches)

No need for your floorplan to be to scale. The grid is just to help you draw straight lines.
